Skills & Tools

- Languages**
- HTML CSS/SCSS TypeScript JavaScript
- C/C++
- Technologies**
- UI related
- Tailwind CSS Material UI Daisy UI Aceternity UI
- FE related
- React React Native Next.js Angular
- BE related
- Express MongoDB Nest.js GraphQL
- Tools & Softwares**
- Coder related
- VS Code Node.js Git
- Designer related
- Figma

Projects

- HyperTube**
- Next.js Tailwind CSS Typescript
- This project involves designing and developing the frontend of a movie streaming web platform. It focuses on creating a user-friendly interface, with dynamic animations and responsive layouts, while collaborating with a backend developer working on the server-side with Rust.
- <https://github.com/mhaddaou/hypertube>
- FT_Transcendence**
- Nest.js Next.js Socket.io Tailwind CSS Typescript PostgreSQL
- This project consists of creating a website for the mighty Pong contest including the user accounts, chatting in channels and playing the game pong features.
- https://github.com/mhaddaou/ft_transcendence
- INCEPTION**
- Docker
- This project aims to broaden our knowledge of system administration by utilizing Docker. I virtualize several Docker images, creating them on our new personal virtual machine.
- <https://github.com/mhaddaou/inception-42>
- FT_IRC**
- C++
- Contributed to the development of an IRC server project, implementing server functionality, handling user connections, and ensuring seamless communication within the IRC network using C++.
- https://github.com/mhaddaou/ft_irc-

Certificate

- REACT Python FRONT-END DEVELOPEMNT HTML-CSS PROBLEM SOLVING
- INTRODUCTION TO JAVASCRIPT NTRODUCTION TO CYBERSECURITY
